

# Certification – Hoarding and Scaffolding

This certificate allows for the certification of various aspects of a hoarding's design and installation, including scaffolding erected above or on road and reserve (footway) under control of Barangaroo Delivery Authority. When certifying an element you must indicate this by ticking the applicable box against the specific element (see below):

Property Address

Approval No:

**Hoarding (design) – To be lodged with the application form.**

I hereby certify that I am an appropriately qualified and competent person in the relevant field of structural engineering and as such can certify:-

That the certified structural drawings listed below have been checked and comply with:-

- (a) The relevant clauses of the Building Code of Australia;
- (b) The relevant current Codes of Practice of the NSW WorkCover Authority;
- (c) The relevant current Australian Standards; and
- (d) Other documents listed (e.g. Risk Assessment Recommendations)

**Hoarding (as-built structural) certification – To be emailed to [permits@barangaroo.nsw.gov.au](mailto:permits@barangaroo.nsw.gov.au) within 24 hours of completion**

I hereby confirm that I have inspected the installed hoarding and certify that the hoarding complies with the full set of certified structural drawings forming part of the approval.

**Hoarding (as-built – non structural aspects) – To be emailed to [permits@barangaroo.nsw.gov.au](mailto:permits@barangaroo.nsw.gov.au) within 24 hours of completion**

I hereby confirm that I have inspected the installed hoarding and certify that the installation complies with the approved drawings/details and all conditions of the approval including tree protection, signage and footpath lighting.

**Scaffolding (installation) – To be emailed to [permits@barangaroo.nsw.gov.au](mailto:permits@barangaroo.nsw.gov.au) within 24 hours of completion**  
**Note: The scaffolding certifier cannot certify Type B hoardings.**

I hereby certify that I am an appropriately qualified and competent person to erect the proposed scaffolding and to adequately secure any required ties to the adjoining building/structure and as such can verify that:-

That the scaffolding erected at the subject premises has been checked and complies with:-

- a) The relevant clauses of the Building Code of Australia;
- b) The relevant current Codes of Practice of the NSW WorkCover Authority, the Construction Safety Act and Occupational Health and Safety Act;
- c) The relevant current Australian Standards (including AS 1576 and AS/NZS 4576);
- d) The Supplier's Specification;\*
- e) The Designer's Specification complying with a) to c) above. If applicable, the structure is to be separately certified\*.

\* Delete sections that are not applicable.
